

House Sponsorship

With house sponsorship, your company, church group or organization can experience the whole home-building experience - from wall-raising day to dedication. Habitat for Humanity will partner with you every step of the way to ensure your experience is fun, safe, meaningful and successful.

Habitat for Humanity builds new houses, rehabs homes and provides critical repairs to existing homes in Williamson County. We build with the help and generosity of sponsors, volunteer labor, financial contributions and donations of materials.

Habitat for Humanity needs \$100,000 to \$130,000 (depending on in which community we are building) for the materials and contracted labor needed to build a home. Both full and partial house sponsorships are available. We can tailor a sponsorship plan to meet the needs of your organization. If you are interested in house sponsorship, Contact Nicole Vommaro, Director of Development and Marketing, nicolev@williamsonhabitat.org, 512-863-4344.
