

Partner Build Day

Habitat Partner Build Day is a program for groups looking to work together on a Habitat for Humanity construction site. This day of building with Habitat for Humanity allows your group to connect with each other in a fun and unique way while making a difference in the community.

Combining a tax-deductible donation with a day of volunteering, Partner Build Days help us raise crucial funds to purchase the materials and supplies needed to continue to build strong, stable and self-reliant communities!

What is included in a Partner Build Day?

- Priority scheduling
- Up to 10 volunteer spots on the build day
- Invitation to the home dedication ceremony
- Recognition in our e-news & social media

What is the Partner Build Day Commitment?

- Partner Build Day groups are asked to make a donation of \$2,500 per build day.
- Partner Build Day participants commit to volunteering on a Habitat for Humanity build site on a Friday.

How do we schedule a Partner Build Day?
